

Remarks

Applicants request entry of this Amendment under Rule 312.

Claim 120 is amended for editorial correction.

This Amendment meets the requirements of MPEP 714.16 for entry by the Examiner. It does not affect claim scope and does not call for an additional search or examination. This amendment was not presented earlier because the error in claim 120 was not noticed earlier but only upon review of the claims before paying the issue fee.
